

Install FarmWorks

The FarmWorks disk contains the FarmWorks by SDL program to install on your computer, some software to link the Psion stock recorder to the computer, plus user manuals that will be automatically placed on your desktop when the installation is complete.

Follow this sequence for the best and fastest installation:

- 1. Install FarmWorks on your computer.
- 2. Install the Psion stock recorder.
- 3. Open FarmWorks for the first time and enter your farm details.
- 4. Do a Data Transfer from the computer to the Psion stock recorder. This will prime the stock recorder so you can start using it.

1. Install the FarmWorks program

- a. Insert the FarmWorks by SDL disk into the DVD drive.
- b. The installation screen will start automatically.
- c. Click on Install/Upgrade FarmWorks.

- d. Welcome screen click *Next*.
- e. License agreement screen click Yes.

f. Select Program Folder - leave as is and click *Next*.

Install FarmWorks

- g. Current settings leave as is and click Next.
- h. InstallShield Wizard Complete click Yes to restart your computer.
- i. Remove the CD from the drive. Restart your computer to finish the installation.

Trouble-shooting

If the installation does not start automatically, look on your computer for the CD drive.

- » Double-click on the FarmWorks CD to open the files.
- » Double-click *RunFarmWorksCD.exe*.

If FarmWorks does not install properly -

- » Could an anti-virus program be stopping it? Try disabling your anti-virus program while you install FarmWorks.
- » Are you Administrator on this computer? If this is a shared computer or employer computer you might not have permission to install programs.
- » Is this a Windows computer? FarmWorks will not run on a Mac computer.

Log into FarmWorks

3. Open FarmWorks the first time

Double-click the FarmWorks icon on your computer desktop. Enter your own farm's details in the login screen.

Country:	: Select Canada from the drop-down menu.	
Holding Number:	Premise Id Number (PID).	h
