

Erona Farms Ltd is also selling the following products.

XR3000 BT

The XR3000 is the ultimate weighing partner for the Psion Workabout pro. The XR3000 connects to your computer for easy management of the data. The XR3000 comes in a standard* and a Bluetooth version with the added benefit of wireless communication to Bluetooth devices like the Psion Workabout pro and Bluetooth laptops.

This weigh scale is 100% water and dust proof and is ideal for cattle and sheep operations.

Like all Tru-Test weigh scales, the XR3000 features Superdamp III technology, enabling you to receive accurate live animal weights within seconds, even for the liveliest animals. This feature sets Tru-Test scales apart from the rest.
